Statement on Department of Education Missing November 1 Deadline to Issue New Rules

"The Department needs more time on its ill-conceived gainful employment and borrower defense proposals, and that means that the current rules will remain the law of the land for at least 21 more months. Now it's long past time to end the illegal delays and implement them. Students need protection against unaffordable loans and illegal practices."

###

An independent, nonprofit organization, The Institute for College Access & Success (TICAS) works to make higher education more available and affordable for people of all backgrounds. Our Project on Student Debt works to increase public understanding of student debt and the implications for our families, economy, and society.
