## Community College Enrollment and Federal Loan Program Participation Status

Source: Integrated Postsecondary Education Data System, 12-month enrollment, 2004-05 and Fall 2004 enrollment by ethnicity. Loan participation status is inferred from the National Student Loan Data Systems, using Stafford loan volume in 2004-05. This list reflects our most up-to-date knowledge of institutional loan program participation; please contact us if the participation status listed for an institution has changed. For complete methodology, refer to the corresponding report, *Denied: Community College Students Lack Access to Affordable Loans*. All raw data is available for download at [www.economicdiversity.org](http://www.economicdiversity.org).
